## A Lovely Sideboard

In the one we're making a "cut" on just now. It is 7 feet high, not quite 4 feet wide, and has a 20x18 level mirror. It is finished with large, overhanging top shelf and two supported side shelves. Three drawers, one for large linen, one for small, and one velvet-lined drawer, with three compartments for silver. The top boards, finished brass finishings, initial plates.

\$25, Worth \$35.  
You'll be surprised with the value when you see it, and whether you come to buy or not, our salesman would delight in showing it to you.  
Dozens of other values here equally as good as this.

## Durability and Sweetness.

The durability and sweetness of tone of the Bradbury Pianos are unquestioned.  
They are made thoroughly and carefully—there is no skipping over this part and getting up that part—our "tuners" are employed in our factories.  
This Bradbury is keeping up with the times. Its manufacturers are constantly improving and remodeling it.  
Three new designs in cases are now being shown, viz: the "Columbian," "Reminiscence" and "Columbia," all of which are designed with an elegance characteristic of all the cases turned out by the Bradbury manufacturers.  
The following letter speaks for itself:

HOWARD UNIVERSITY,  
WASHINGTON, D. C.,  
JANUARY 25, 1890.  
DEAR MR. SMITH:  
Having had one of the Bradbury Pianos in constant use in my home the last seven years, and wanting a sweet-toned and durable instrument for my children, I have decided to purchase one of your very best and send up there.

Very truly,  
J. C. RANKIN,  
President.

The Bradbury is sold on monthly installments of \$10. Would you like to try one?

## On They Come! At PERRY'S.

THE Frenchmen kept their secret well. Nothing they have done before gave an inkling of the brilliant and beautiful printings they have put on the CHALLIES, ORGANDIES and others of the spring sisterhood.

Of course they are stylish. Did you ever know anything to come out of the French designer's hand that wasn't?

To chronicle the arrival of each new delegation would be to set up one prolonged shout. They are coming continually. The applause would be incessant, for each deachment is a distinguished creation of cleverness.

Jealous folks, those Frenchmen. They guard their handiwork with the greatest discrimination. Permit them to keep only the best company. So they find their Washington outlet through us. Our stipulation is exclusiveness. The result of their whims and ours gives you a collection of Fabrics that cannot be duplicated—cannot be surpassed—cannot be lower sold.

FRENCH ORGANDIES—flowered and striped—37½c. a yard.  
FRENCH CHALLIES—flowered and figured—light, dark and medium contrasts—60c. a yard.  
FRENCH JACONETS—silken patterns of sprays and spots—vines and flowers—number and brilliant tints—25c. a yard.

FRENCH PERALES—We ought to tell you they are selling very cheap. What wonder! Such matty effects, in such cute colors—25c. a yard.

FRENCH SATINS—35c. a yard—that is not quite up to the usual price, but you get by it. There is no come down in quality—simply a step forward in the march of economy—figured and striped effects.

PLAIN LAWNS—Jaconets and Organdies—in the whole book of colors—Beautifully adorned with design or flower—25c. and 37½c. a yard.

Society is resting—and the "getting ready" season is here. If you want the choicest that the world affords we are sure you can't pass us by. We are at your service—ready with everything you are in the humor of buying.

## Business-Bringing "Ads."

There's nothing "high-falutin'" about our advertising. We strike right to the point in language stripped of all verbiage whatsoever.

If your advertising has not been effective it is either because it has not conveyed the proper information or not attracted notice. Nothing would be more liable to cause this than lack of skill in preparation. Our charges are very moderate.

## Premier Egg Cups

...a decidedly "new thing under the sun." You break the egg into the Premier cup—seal them up with an air-tight cover provided for the purpose, and put them into boiling water with a little pair of wire tongs. Let them boil for five minutes. Then pour for eggs in the shell, and serve before removing covers. That's all of it. Service breaking of the egg and the nuisance of broken shells, 25c. each. One of the most popular cooking novelties we ever handled.

## ABOUT GEORGETOWN.

The Mardi Gras Festival Last Evening at Georgetown College.

Sudden Death on the Street—Various Matters of Interest in the West End.

The Mardi Gras entertainment at Georgetown College last night brought the festival closer to the hearts of the people of Washington, furnished varied amusement for the sons of the university and gave rise to the first public appearance of the dramatic club that has recently been organized at the college. An elaborate dinner opened the evening's pleasure. At its conclusion "Twelve Days" Dickens' story of innocence and vice, was presented in Gaston Hall. The principal cast was as follows: Oliver Twist, Don Carr; Fagan, Robert Collier; Bill Sykes, S. A. Ludlow; David, Thomas J. Duffy; Dodger, Ed. J. Tabin; Charlie Bates, Charles A. Green, and Toby Crockett, P. F. Sullivan. Others in the cast were Messrs. Toss, Nelson, John F. O'Brien, G. J. Sappington, W. J. O'Leary, Andrew Berry, Jesse Burk, John R. Walsh and G. C. Powell.

The characters were impersonated with excellence and to the entertainment of all who were present. The president of the college, on the other hand, the performance complimented those who participated on the excellence of the production.

Dead in an Instant.  
At 5:30 o'clock last evening Mr. W. Henry Magruder, a well-known tug boat engineer and a man of wide marine acquaintance, dropped dead suddenly at the corner of 32d and Grace streets, on his way home in company with Mr. F. D. Dunbar. Ten minutes before he fell Mr. Magruder was in good health, apparently. A moment before the fatal stroke of heart disease was felt he placed his hand to his head and complained of feeling unwell. Before he could be picked up the heart had failed and he lay motionless on the ground.

Mr. Magruder was a native of the army and his friend, he was carried into a neighboring house, but too late to receive beneficial assistance. The deceased departed before the body was taken into the doorway. Mr. Magruder leaves a large family. He resided at 1523 32d street.

Mr. Magruder's Death.  
On Monday Mrs. Elizabeth May, wife of Mr. Peter May, who for thirty years was a resident of Georgetown, died at Hampton, Va. Dropsy was the immediate cause of death. Deceased, though for a long time a victim to the disease, had not suffered to any extent with it. Death came while she was peacefully in bed. The May family remembered her as having for many years been engaged in the baking business on Market space, Georgetown. The funeral will take place tomorrow from the residence of Mr. Frank P. Davis, 1009 30th street, at a non-lawyer of the deceased, at 9 o'clock a.m. Father Rocofort will officiate. The interment will be made at Holy Road cemetery. Mrs. May leaves seven children to mourn her loss.

The Case Dismissed.  
The charge against young Milton Chamberlain of having assaulted with sticks, and chased with knives, etc., a little female Arabian peddler, whom he met on the New Cut near the house of the deceased, was dismissed in court, no convicting evidence being brought forth in the trial, and the witnesses in the case all speaking in favor of the boy's innocence.

Paragraphs of Interest.  
The funeral of Mr. Mills of Falls Church, who was thrown from a wagon and killed, has taken place.

Detective Frank Burrows of the 7th precinct reports that the police west of Rock Creek last month distributed nearly \$1,000 in money, fuel, clothing and other such things useful to the poor.

Miss Ritch of Baltimore is visiting her brother, Dr. Rich of N. Street.

Miss Fannie Robinson and Dr. John Dorsey of Bethesda, Md., will be married this afternoon at the Gay Street Baptist Church. The pastor, Dr. W. S. O. Thomas, will officiate.

The Rosslyn Brick Company has elected the following gentlemen to serve as directors during the next year: Geo. Killeen, F. Hewell, Wm. Holmead, D. W. McGee, Geo. W. Ray, James H. Taylor, E. T. Simpson, R. D. Weaver, John Curtin, Geo. C. Payne, Wm. McCallister, Wm. Connell, F. W. Brantley and L. Cavanaugh.

Agriculturists from Virginia report that the wheat and winter oats are doing and looking well for this season of the year. They predict, if the weather remains what it has been, a flourishing crop will result.
